Robson Hall, 224 Dysart Road, Winnipeg, Manitoba, R3T 2N2

**FUNDING APPLICATION FOR RESEARCH ASSISTANCE**

[Visit our website.](Visit our website.)

**1 .  Provide name, contact information, and institutional affiliation for the Applicant and any Co-investigators.**

**2.  Describe, in 1000 words or less, the scope and objectives of the proposed research.**

**3.  If you received a grant from the LRI last year, please provide a report on the results of that research.** Include information about resulting publication(s) and other dissemination of the research (e.g., at conferences). Please provide copies of all publications in which LRI support is acknowledged.

**4.  Details of requested funding:**
- Anticipated start and end date of proposed research:
- Number of hours of student research required:
- Other research costs for which funding is sought (including budget justification):
- Intended outcome of the research (e.g., proposed publication in X journal or book, grant application):

**5.  Ethics review of research involving human subjects:**

Any research involving human subjects – including interviews and compilation or use of personal information – will likely require approval from the appropriate University research ethics committee.

- Will this project involve inquiries likely to require ethics approval?          *yes          no*
- Has such approval been obtained?          *yes          no*
- If not, is an application for such approval now being made?          *yes          no*

**6.  From what other agencies has the Applicant sought funding for the proposed research? What have been the results of those applications? If no other applications have been made, please explain that decision.**

**7.  Please provide an electronic version of the Applicant's c.v. (and the c.v. of any Co-investigators) with the completed application.**

The Applicant agrees to report progress to the LRI within 6 months of completion of the funding (or upon request from the LRI).  The Applicant agrees to acknowledge the support of the LRI in publications arising from the funded research.
